MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The accompanying consolidated financial statements of Chemtrade Logistics Income Fund (the "Fund") and all the information in this annual report are the responsibility of the management of the Fund. The consolidated financial statements have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board and where appropriate include management's best estimates and judgments. Management has reviewed the financial information presented throughout this report and has ensured it is consistent with the consolidated financial statements.

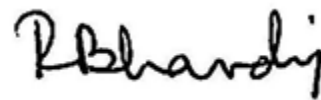

Management has developed and maintains a system of internal control over financial reporting. These controls are designed to provide reasonable assurance that assets are safeguarded, transactions are accurately recorded and financial information is timely and reliable.

The Trustees of the Fund are responsible for ensuring that management fulfills its financial reporting responsibilities and are ultimately responsible for reviewing and approving the consolidated financial statements. The Trustees carry out this responsibility principally through the Audit Committee. The Audit Committee is comprised entirely of independent Trustees.

The Audit Committee meets periodically with management and the external auditors to discuss internal controls over financial reporting, policies and procedures, and financial reporting issues. Acting on the recommendation of the Audit Committee, the Trustees approve the consolidated financial statements. KPMG LLP, an independent firm of Chartered Professional Accountants, has been appointed by the Unitholders to express an independent professional opinion on the fairness of the consolidated financial statements. KPMG LLP has full and free access to the Audit Committee.

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of Chemtrade Logistics Income Fund

Opinion

We have audited the consolidated financial statements of Chemtrade Logistics Income Fund (the Entity), which comprise:

- the consolidated statements of financial position as at December 31, 2024, December 31, 2023, and January 1, 2023
- the consolidated statements of comprehensive income for the years ended December 31, 2024, and December 31, 2023
- the consolidated statements of changes in unitholders' equity for the years ended December 31, 2024, and December 31, 2023
- the consolidated statements of cash flows for the years ended December 31, 2024, and December 31, 2023
- and notes to the consolidated financial statements, including a summary of material accounting policy information

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the Entity as at December 31, 2024, December 31, 2023, and January 1, 2023 and its consolidated financial performance and its consolidated cash flows for the years ended December 31, 2024 and December 31, 2023 in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "*Auditor's Responsibilities for the Audit of the Financial Statements*" section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2024. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our auditor's report.

Evaluation of impairment of goodwill

Description of matter

We draw attention to Notes 2(d)(ii), 19 and 32(i)(ii) to the financial statements. The Entity has recorded a goodwill balance of \$494,264 thousand. The Entity performs a goodwill impairment test on an annual basis or more frequently when events or changes in the circumstances indicate that the carrying amount of a cash generating unit (CGU) or CGU group likely exceeds its recoverable amount. The recoverable amount of each CGU or CGU group is based on the higher of its value in use and its fair value less costs to sell. The Entity's significant estimates in determining its value in use include forecast operating margins, maintenance and other capital expenditures, terminal growth rates and discount rates.

Why the matter is a key audit matter

We identified the evaluation of impairment of goodwill as a key audit matter. This matter represented an area of significant risk of material misstatement due to the magnitude of the balance and the high degree of estimation uncertainty in determining the value in use. Significant auditor judgment and the involvement of those with specialized skills and knowledge were required in performing and evaluating the results of our procedures due to the sensitivity of the value in use to minor changes in certain significant estimates.

How the matter was addressed in the audit

The primary procedures we performed to address this key audit matter included the following on certain CGUs or CGU groups with goodwill:

- We assessed the Entity's ability to accurately forecast by comparing the Entity's forecast operating margins and maintenance and other capital expenditures used in the prior year impairment test to actual results

- We compared the Entity's forecast operating margins and maintenance and other capital expenditures to the actual operating margins and maintenance and other capital expenditures. We took into account changes in conditions and events affecting each cash generating unit group with goodwill to assess the adjustments, or lack of adjustments, made in arriving at those forecast operating margins and maintenance and other capital expenditures.

We involved valuation professionals with specialized skills and knowledge, who assisted in:

- Comparing the Entity's terminal growth rates against long-term estimates of inflation in North America
- Comparing the Entity's discount rates against a discount rate that was independently developed using publicly available market data for comparable entities.

Emphasis of Matter – Comparative Information

We draw attention to Note 2 to the financial statements ("Note 2"), which explains that certain comparative information presented:

- for the year ended December 31, 2023 has been restated.
- as at January 1, 2023 has been derived from the financial statements for the year ended December 31, 2022 which has been restated.

Note 2 explains the reason for the restatement and also explains the adjustments that were applied to restate certain comparative information.

Our opinion is not modified in respect of this matter.

Other Information

Management is responsible for the other information. Other information comprises:

- the information included in Management's Discussion and Analysis filed with the relevant Canadian Securities Commissions.
- the information, other than the financial statements and the auditor's report thereon, included in a document likely to be entitled "Annual Report 2024".

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit and remain alert for indications that the other information appears to be materially misstated.

We obtained the information included in Management's Discussion and Analysis filed with the relevant Canadian Securities Commissions as at the date of this

auditor's report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditor's report.

We have nothing to report in this regard.

The information, other than the financial statements and the auditor's report thereon, included in a document likely to be entitled "Annual Report 2024" is expected to be made available to us after the date of this auditor's report. If, based on the work we will perform on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of

the audit work performed for the purposes of the group audit. We remain solely responsible for our audit opinion.

- Determine, from the matters communicated with those charged with governance, those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our auditor's report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

1. CORPORATE INFORMATION:

Chemtrade Logistics Income Fund (the "Fund") is a publicly listed Income Trust formed in Ontario, Canada and its units are listed on the Toronto Stock Exchange ("TSX"). The term "Chemtrade" refers to the Fund, its consolidated subsidiaries and equity accounted investments, including joint ventures. Chemtrade commenced operations on July 18, 2001 when it completed an initial public offering. Chemtrade operates a diversified business providing industrial chemicals and services to customers in North America and around the world. Chemtrade is one of North America's largest suppliers of sulphuric acid, spent acid processing services, inorganic coagulants for water treatment, sodium chlorate, sodium nitrite and sodium hydrosulphite. Chemtrade is a leading regional supplier of sulphur, chlor-alkali products and zinc oxide. Additionally, Chemtrade provides industrial services such as processing by-products and waste streams. Chemtrade operates in two reportable segments: Sulphur and Water Chemicals ("SWC") and Electrochemicals ("EC"). In addition to the above two reportable segments, Chemtrade discloses results of corporate activities separately. For additional information regarding Chemtrade's reportable segments, see note 3.

Chemtrade is an entity domiciled in Canada. The head office, principal address, and registered and records office of the Fund are located at 155 Gordon Baker Road, Suite 300, Toronto, Ontario, M2H 3N5.

Chemtrade's consolidated financial statements include all of its controlled subsidiaries and equity accounted investments and have been prepared on a going concern basis, which contemplates the realization of assets and settlements of liabilities in the normal course of business.

2. BASIS OF PREPARATION:

(a) Statement of compliance

These consolidated financial statements have been prepared in accordance with IFRS Accounting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). These consolidated financial statements were authorized for issue by the Board of Trustees ("Board") on February 28, 2025.

(b) Basis of measurement

The consolidated financial statements have been prepared on the historical cost basis, except for the following material items in the consolidated statements of financial position:

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

2. BASIS OF PREPARATION (continued):

- Derivative financial instruments, convertible unsecured subordinated debentures (the "Debentures") and liabilities for cash settled share-based payment arrangements are measured at fair value;
- The defined benefit liability is recognized as the present value of the defined benefit obligation net of the fair value of the plan assets; and
- Deferred tax assets and liabilities are measured at the tax rates that are expected to be applied to temporary differences when they reverse.

(c) Presentation currency

These consolidated financial statements are presented in thousands of Canadian dollars, except for net earnings per unit information, per metric electrochemical unit ("MECU") information and per tonne information which is presented in Canadian dollars.

(d) Significant judgments and sources of estimation uncertainty

The preparation of the consolidated financial statements in conformity with IFRS requires management to make judgments and estimates that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

(i) Significant judgments

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognized in the consolidated financial statements is included in the following notes:

Income taxes (note 8):

In the normal course of operations, judgment is required in assessing tax interpretations, regulations and legislation and in determining the provision for income taxes, deferred tax assets and liabilities, and the timing of reversals. Chemtrade makes judgments to evaluate whether it can recover a deferred tax asset based on its assessment of many factors, including interpretations of tax laws,

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

2. BASIS OF PREPARATION (continued):

expectation about the future taxable profit probability level, and the timing and reversal of temporary differences. To the extent that a recognition or de-recognition of a deferred tax asset is required, current period earnings or other comprehensive income will be affected.

Leases (note 16):

Chemtrade estimates the lease term by considering the facts and circumstances that can create an economic incentive to exercise an extension option, or not exercise a termination option. Chemtrade makes certain qualitative and quantitative assumptions when deriving the value of the economic incentive.

Intangible assets (note 19):

Judgment is applied in determining cash-generating units ("CGUs") for the purpose of impairment testing.

Provisions (note 21):

Chemtrade recognizes provisions for the present value of anticipated costs of future decommissioning and environmental liabilities. Chemtrade applies judgment in determining whether it has a present obligation (legal or constructive) as a result of a past event, whether it is probable ("more likely than not") that an outflow of economic resources would be required to settle the obligation and whether the amount can be estimated reliably.

Chemtrade is subject to litigation in the normal course of business. Chemtrade has made judgments as to the likelihood of any claim succeeding in recording provisions.

(ii) Key sources of estimation uncertainty

Information about assumptions and estimation uncertainty that have a significant risk of resulting in a material adjustment within the next financial year are included in the following notes:

Property, plant and equipment (note 15):

Parts of an item of PPE may have different useful lives. Chemtrade makes significant estimates when determining depreciation rates and asset useful lives, which require taking into account company-specific factors, such as its past experience and expected use, and industry trends, such as technological advancements.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

2. BASIS OF PREPARATION (continued):

Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted if appropriate.

Leases (note 16):

Right-of-use ("ROU") assets are measured at the initial amount of the lease liabilities plus any initial direct costs, lease payments made at or before the commencement date net of lease incentives received, and decommissioning costs. Chemtrade estimates the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, Chemtrade's incremental borrowing rate, to measure the lease liability.

Intangible assets (note 19):

When determining the value in use of goodwill and intangible assets during impairment testing, Chemtrade uses the following significant estimates: forecast operating margins, maintenance and other capital expenditures, terminal growth rates and discount rates. If actual results differ or a change in expectation arises, an impairment charge may be required.

Chemtrade makes significant estimates when determining the estimated useful lives of intangible assets, which require taking into account company-specific factors, such as its past experience and expected use, and industry trends, such as technological advancements. Amortization methods, useful lives and residual values are reviewed at each financial year end and adjusted if appropriate.

Provisions (note 21):

Provisions have been recorded based on the present value of anticipated costs for future decommissioning and environmental liabilities. Decommissioning liabilities include future cost estimates of statutory, contractual, constructive or legal obligations associated with the decommissioning of Chemtrade's plants. Environmental liabilities are recorded based on the current interpretation of environmental laws and regulations when it is probable that a liability has been incurred and the amount of such a liability can be reliably estimated.

Cash outflows associated with these provisions are generally expected to occur at future dates and are long-term in nature. The calculation of these provisions requires assumptions such as the discount rate and cost estimates. The provisions recognized are periodically reviewed and updated based on the facts and circumstances available at the time.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

2. BASIS OF PREPARATION (continued):

Provisions for legal claims are recognized when a past event creates a legal or constructive obligation that can be reasonably estimated and is more likely than not to result in an outflow of economic resources. Significant estimates are involved in estimating the present value of the expenditure expected to settle obligations.

The time of concluding legal claims is uncertain, as is the amount of possible outflow of economic resources. Timing and cost ultimately depends on the due process in respective legal jurisdictions. Provisions recognized by Chemtrade are periodically reviewed based on facts and circumstances available at the time.

Employee Benefits (note 25):

Significant estimates are involved in determining defined benefit obligations. The calculation of the liabilities related to pension plans is based upon statistical and actuarial assumptions. Certain pension plans are frozen for future benefit accruals and the pension benefits are not indexed to inflation. These pension plans are comprised primarily of inactive and retired participants and the actuarial estimates of pension benefits are affected by the amount of time retirees are expected to receive their pensions (mortality assumptions) and the interest rate used to discount the expected future benefit payments (discount rate assumption). The actuarial estimates of other pension plans are also based on projections of employees' compensation levels at their expected time of retirement. These retirement benefits are primarily based on final average earnings, subject to certain adjustments.

The actuarial assumptions used might differ materially from actual results due to changes in market and economic conditions, higher or lower employee turnover, longer or shorter life spans of participants, and other changes in the factors being assessed. These differences could impact the assets or liabilities recognized in the consolidated statements of financial position in future periods.

Chemtrade obtains actuarial valuations for its post employment benefit plans.

Share-based payments (note 27):

Chemtrade makes significant estimates to determine the fair value of cash settled share-based payments, Long-Term Incentive Plan ("LTIP") and deferred unit plan ("DUP"). Determining the fair value of the cash settled share-based payments, including performance based options, requires significant estimates related to the estimation of unit price, volatility, expected market conditions and future financial performance of the Fund.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

2. BASIS OF PREPARATION (continued):

Financial instruments (note 29):

Fair value estimates related to Chemtrade's derivatives and convertible unsecured subordinated debentures are made at each reporting period based on relevant market information and information about the underlying financial instruments. These estimates require assessment of the credit risk of the parties to the instruments and the instruments' discount rates and volatility of the unit price.

(e) Amendments to IAS 1, *Presentation of Financial Statements*

Effective January 1, 2024, Chemtrade has presented the Debentures (as defined in note 22) as current liabilities in the Consolidated Statement of Financial Position in accordance with the amendments to IAS 1, *Presentation of Financial Statements - Classification of Liabilities as Current or Non-current*. Since the amendments are applicable retrospectively, Chemtrade has restated the comparative figures. See note 32 for details of the amendments to IAS 1. The following table outlines the impact of the restatements.

As at	January 1, 2023 (derived from Dec 31, 2022)			December 31, 2023		
	As reported	Restatement	As restated	As reported	Restatement	As restated
Non-current liabilities	\$ 533,218	\$ (533,218)	—	\$ 437,517	\$ (437,517)	—
Current liabilities	—	\$ 533,218	\$ 533,218	—	\$ 437,517	\$ 437,517

3. REPORTABLE SEGMENTS:

Chemtrade operates in two reportable segments: Sulphur and Water Chemicals ("SWC") and Electrochemicals ("EC"). The reportable segments of Chemtrade are strategic business groups that offer products and services to target markets.

Chemtrade's chief operating decision maker ("CODM") is the Chief Executive Officer ("CEO"). The CODM regularly reviews the operations and performance by segment and considers Adjusted EBITDA as an indirect measure of net earnings (loss) for the purpose of assessing performance of each segment and to make decisions about the allocation of resources. Adjusted EBITDA is defined as net earnings before any deduction for net finance costs, income taxes, depreciation, amortization and other non-cash charges such as impairment, change in environmental and decommissioning liability, net gain and losses on the disposal and write-down of PPE, gain on disposal of assets and unrealized foreign exchange gains and losses. Adjusted EBITDA is not intended to be representative of cash flow from operations or financial performance determined in accordance with IFRS Accounting Standards or cash available for distribution. The remaining net earnings (loss) items and the Statements of Financial Position are reviewed on a consolidated basis by the CODM and therefore are not included in the segmented information below.

Accretion of transaction costs on issuance of long-term debt (note 23)	318	—
Pension net interest cost	1,150	1,515
Interest income	(2,998)	(6,352)
Net finance costs	\$ 72,560	\$ 24,008

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

8. INCOME TAXES:

The Fund is a mutual fund trust and a specified investment flow-through trust (“SIFT”) for income tax purposes. The Fund is subject to current income taxes at the top marginal tax rate applicable to individuals of approximately 53.5% on all taxable income not distributed to Unitholders.

The Fund is also subject to current income taxes on all taxable income, other than dividends, earned from Canadian corporate and flow-through subsidiaries (other than Canadian subsidiaries that earn certain investment income) at a tax rate similar to the corporate tax rate.

The Fund will not be subject to tax on income received from non-Canadian subsidiaries, provided that the income is distributed to Unitholders during the year. Based on the current organization of Chemtrade, the Fund expects that its income distributed to Unitholders will not be subject to SIFT tax.

(a) Income tax expense

	2024	2023
Taxes recognized in net earnings	42,130	14,689
Current tax expense	42,130	14,689
Deferred tax expense (recovery):		
Origination and reversal of temporary differences	(5,483)	48,359
Changes in recognition of tax losses and deductible temporary differences	7,275	(20,995)
Deferred tax expense	1,792	27,364
Total tax expense	43,922	42,053

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

8. INCOME TAXES (continued):

(b) Reconciliation of the effective tax rate

The provision for income taxes in comprehensive income represents an effective rate different than the Canadian corporate statutory rate of 25.30% (2023 - 25.15%). The differences are as follows:

	2024	2023
Net income before income tax	\$ 170,830	\$ 291,372
Computed income tax expense at Canadian statutory rate	43,220	73,280
Difference resulting from:		
Income of trust taxed directly to unitholders	(28,786)	(28,299)
Difference in applicable domestic tax rate	9,851	16,987
International income tax differences	2,835	2,665
Tax adjustments related to prior years	(752)	2,238
Impact of tax incentives	(4,277)	(4,994)
Disposal of assets (note 14)	—	(694)
Changes in recognition of tax losses and deductible temporary differences ⁽¹⁾	7,275	(20,995)
Other, including non-taxable and non-deductible items ⁽²⁾	14,556	1,865
Total income tax expense	\$ 43,922	\$ 42,053

⁽¹⁾ For 2024, this amount primarily related to the derecognition of deferred tax assets related to certain carryforward amounts of business interest expense. For 2023, this amount primarily related to utilization of previously unrecognized tax losses.

⁽²⁾ For 2024, this amount included \$4,543 tax impact related to the premium paid in connection with the substantial issuer bid to repurchase \$28,288 aggregate principal amount of Fund 2020 8.50% Debentures for a total purchase value of \$36,774, which is not deductible for tax purposes. This amount also included \$2,702 tax impact related to the non-deductible portion of the loss on the change in fair value of the Fund's convertible debentures. The remainder of this amount primarily relates to various realized and unrealized taxable foreign exchange impacts associated with our Brazilian subsidiary.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

8. INCOME TAXES (continued):

(e) Unrecognized deferred tax assets

For the year ended December 31, 2024, Chemtrade did not recognize \$53,696 (2023 - \$42,764) of deferred tax assets primarily related to deductible temporary differences on certain carryforward amounts of business interest expense deductions and unused tax losses that are capital in nature. Chemtrade did not recognize the deferred tax assets as management did not believe it is probable that sufficient future taxable profit will be available against which these unused tax losses and deductible temporary differences can be utilized. The unused tax losses can be carried forward indefinitely. The deductible temporary differences do not expire under current applicable tax legislation.

(f) Tax examinations and disputes

Chemtrade is subject to challenges from various tax authorities on an ongoing basis. As a result, from time to time, tax authorities may disagree with the positions and conclusions taken by Chemtrade in its tax filings or legislation could be amended or interpretations of current legislation could change, any of which events could lead to assessments of additional amounts of tax, interest and possibly penalties. Chemtrade accrues and accounts for any probable assessments of tax; however, there can be no assurance as to the final resolution of any tax authority positions.

Chemtrade is disputing the deductibility of certain Canadian tax losses with the Canada Revenue Agency ("CRA") which would offset the taxes owed for 2021 to 2024. Chemtrade has appealed this assessment by the CRA and the resolution of this matter in Chemtrade's favour would result in significant taxes paid on its account to be refunded. Chemtrade made Canadian income tax payments of \$17,619 during 2024 and \$48,381 in previous years. Chemtrade believes that its asserted position is appropriate and would be sustained upon full examination by tax authorities and, if necessary, upon consideration by judicial process. These payments have been presented as income taxes receivable under non-current assets in the Consolidated Statements of Financial Position.

(g) Pillar Two Top-up Tax - Global Minimum Tax

Chemtrade has key operations in Canada, US, and Brazil. On June 20, 2024, the Global Minimum Tax Act ("GMTA") was enacted in Canada. The GMTA implements the Organization for Economic Co-operation and Development's ("OECD") Pillar Two 15% global minimum tax regime in Canada and applies to Chemtrade for taxation years beginning January 1, 2024. Chemtrade has reviewed the application of the GMTA rules and determined that the impact on Chemtrade during 2024 was not material.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements

(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

8. INCOME TAXES (continued):

Brazil is also in the process of adopting a domestic minimum top-up tax which could apply to Chemtrade's subsidiary in Brazil effective January 1, 2025. Currently, it is still uncertain whether the US will adopt the Pillar Two rules. Chemtrade will continue to monitor the implementation of, and changes in, Pillar Two Global Minimum Tax legislation in jurisdictions relevant to Chemtrade, and will assess additional impacts, if any.

While Chemtrade does not expect any significant tax impact from Pillar Two Global Minimum Tax, a temporary mandatory relief from deferred tax accounting for the future tax impacts of top-up tax is currently applicable. Accordingly, Chemtrade would account for top-up tax as a current tax when it is incurred.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

10. CASH AND CASH EQUIVALENTS:

The components of cash and cash equivalents are as follows:

	2024	2023
Cash	\$ 14,876	\$ 1,985
Certificate of deposits	10,621	19,539
Total cash and cash equivalents	\$ 25,497	\$ 21,524

11. TRADE AND OTHER RECEIVABLES:

	2024	2023
Trade and other receivables before expected credit losses	\$ 148,904	\$ 147,670
Less: expected credit losses	(819)	(984)
Trade and other receivables	\$ 148,085	\$ 146,686

As disclosed in note 29, Chemtrade is exposed to normal credit and currency risks with respect to its accounts receivable. At December 31, 2024, 95.7% (2023 - 95.8%) of accounts receivable are less than 30 days past due, and less than 1% (2023 - less than 1%) of accounts receivable are greater than 120 days past due that are not provided for.

While Chemtrade evaluates a customer's credit worthiness before credit is extended, provisions for expected credit losses are also maintained. The change in allowance for expected credit losses are as follows:

	2024	2023
Balance at beginning of year	\$ 984	\$ 984
Adjustments made during the year	(165)	—
Balance at end of year	\$ 819	\$ 984

CHEMTRADE LOGISTICS INCOME FUND

Year ended December 31, 2024 and 2023

11. TRADE AND OTHER RECEIVABLES (continued):

Receivables Purchase Facility

Chemtrade has a factoring facility of up to \$100,000 (the "A/R Facility") with RBC Bank Canada (previously HSBC Bank Canada). The A/R Facility is an uncommitted receivables purchase facility for the purchase of eligible receivables owed to Chemtrade from trade debtors on an undisclosed basis with no recourse. As at December 31, 2024, trade receivables sold under the A/R Facility were \$27,386 (2023 - \$33,865).

12. INVENTORIES:

Chemtrade's inventories are as follows:

	2024	2023
Raw materials	\$ 45,823	\$ 48,429
Finished goods	49,150	41,328
Operating supplies	39,959	35,149
Total inventories	\$ 134,932	\$ 124,906

The amount of inventories recognized as an expense in cost of sales and services during the year ended December 31, 2024 was \$1,042,048 (2023 - \$1,094,197).

13. PREPAID EXPENSES AND OTHER ASSETS:

Chemtrade's prepaid expenses and other assets are as follows:

	2024	2023
Prepaid expenses	\$ 8,608	\$ 8,418
Interest rate swaps (note 29)	—	10,886
Cash-settled unit swaps (note 29)	12,081	3,194
Foreign exchange contracts (note 29)	—	2,483
Total prepaid expenses and other assets	\$ 20,689	\$ 24,981

Year ended December 31, 2024 and 2023

14. DISPOSAL OF BUSINESS:

On November 8, 2023, Chemtrade completed the sale of its P₂S₅ business which was previously included in the SWC segment, for gross proceeds of US\$43,018 (\$58,862), which consisted of cash of approximately US\$39,418 (\$53,936) and the assumption of Indebtedness (as defined in the sales agreement) of approximately US\$3,600 (\$4,926). After deducting a net working capital adjustment of approximately US\$1,020 (\$1,352), Chemtrade recorded a gain of US\$14,620 (\$20,082). Chemtrade also reclassified the cumulative amount of foreign exchange difference of \$4,255 recognized from AOCI to net earnings. Combined, the total gain on disposal recorded was \$24,337. Chemtrade recorded total taxes of \$4,021 on the sale of its P₂S₅ business.

17. INVESTMENT IN A JOINT VENTURE:

Chemtrade owns a 49% interest in KPCT Holdings LLC ("KPCT Holdings"), a joint venture for the greenfield construction of a high purity sulphuric acid plant in Casa Grande, AZ which has been put on hold. Privately held KPPC Advanced Chemicals Inc. ("KPPC") owns the remaining 51% interest in the joint venture. During the third quarter of 2022, Chemtrade made a capital contribution of \$5,931 (US\$4,550) towards its interest in KPCT Holdings. Chemtrade's interest in KPCT Holdings is accounted for using the equity method in the consolidated financial statements. During 2024, due to the uncertainty of the timing of the project due to market and economic conditions, Chemtrade recognized an impairment loss of \$3,834 (US\$ 2,646) to write down the carrying value of the investment to its recoverable amount. The carrying amount of the investment as of December 31, 2024 was \$707 (US\$492) (2023 - \$4,082 (US\$3,168)) which includes Chemtrade's share of loss of \$41 (US\$29) (2023 - \$1,413 (US\$1,047)) from the joint venture.

18. OTHER ASSETS:

Chemtrade's other assets are as follows:

	December 31, 2024	December 31, 2023
Interest rate swaps (note 29)	\$ 7,000	\$ —
Non-cash proceeds from sale of PPE	2,681	5,117

Impairment testing for cash-generating units containing goodwill

Chemtrade performed its annual test for goodwill impairment in the fourth quarter of 2024 and 2023 in accordance with its policy described in note 32. The recoverable amount of all CGUs and CGU groups exceeded their carrying values. The test was performed using a pre-tax discount rate of 12.3% to 12.8% (2023 – 13.1% to 13.4%) and a terminal growth rate of 2.5% (2023 – 3.0%). Assumptions used in the forecast operating margins and maintenance and other expenditures consider financial budgets, past experience, future growth trends such as GDP growth and inflation, associated economic risk assumptions and estimates of achieving key operating initiatives, covering a five year period.

The carrying value of goodwill entirely relates to the SWC segment and is \$494,264 (2023 - \$467,954).

Year ended December 31, 2024 and 2023

21. PROVISIONS (continued):

(a) Environmental and Decommissioning liability

Chemtrade has estimated a provision for its environmental liability in association with its sites. Expenditures are expected to occur on dates ranging from 2025 to 2054. Chemtrade has estimated a decommissioning liability for its plants and has accrued for this obligation. Decommissioning is expected to occur on dates ranging from 2025 to 2050.

(b) Legal provision

Chemtrade has estimated an overall provision for litigation. Provisions are calculated based on a current estimate of the amounts that will be incurred in settling outstanding legal matters.

During 2022, Chemtrade was successful in a lawsuit against Superior involving the failed attempt by Superior to acquire Canexus, prior to Chemtrade's 2017 acquisition of Canexus. Chemtrade received a payment of \$28,119 representing \$25,000 in respect of the disputed reverse termination fee, plus interest and costs. Superior appealed the judgment, at which time Chemtrade established a provision of \$28,119 due to the uncertainty associated with the outcome of the appeal. See note 33 for more details.

Change in fair value due to own credit risk ⁽⁴⁾	—	(5,923)	(4,780)	5,681	(443)	(5,465)
Balance at December 31, 2024	—	103,000	—	140,010	113,586	356,596

⁽¹⁾ The Fund 2019 6.50% Debentures, the Fund 2021 6.25% Debentures, the Fund 2023 7.00% Debentures, the Fund 2020 8.50% Debentures (which were redeemed in the third quarter of 2024) and the Fund 2017 4.75% Debentures (which were redeemed during the second quarter of 2023) are collectively referred to as the "Debentures". Chemtrade has designated the Debentures as financial liabilities at fair value through profit or loss.

⁽²⁾ During the first quarter of 2023, Chemtrade completed a public offering of the Fund 2023 7.00% Debentures, at a price of \$1,000 per debenture. The Fund 2023 7.00% Debentures are convertible, at the option of the holder, into trust units of the Fund at a conversion price of \$12.85 per unit. Chemtrade incurred transaction costs of \$4,980 which included underwriters' fees and other expenses relating to the offering.

⁽³⁾ During the second quarter of 2023, Chemtrade redeemed all of the outstanding Fund 2017 4.75% Debentures for their par value, including accrued interest for a total of \$203,527. Chemtrade used the net proceeds from the Fund 2023 7.00% Debentures offering, a portion of its Credit Facilities and cash on hand to fund the redemption.

⁽⁴⁾ The change in fair value of the Debentures due to Chemtrade's own credit risk has been presented in other comprehensive income, net of taxes, rather than net earnings.

⁽⁵⁾ During the third quarter of 2024, Chemtrade paid \$42,748 for the Fund 2020 8.50% Debentures through: (a) a substantial issuer bid to repurchase \$28,288 aggregate principal amount of Fund 2020 8.50% Debentures at a purchase price of \$1,300 per \$1,000 principal amount of Debentures for a total purchase value of \$36,774 and (b) a redemption of the outstanding Fund 2020 8.50% Debentures for \$1,039 for each \$1,000 of principal amount of Debentures, for a total redemption value of \$5,974. Chemtrade used a portion of its Credit Facilities and cash on hand to fund the redemption.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

22. CONVERTIBLE UNSECURED SUBORDINATED DEBENTURES (continued):

For the year ended December 31, 2024, interest expense of \$26,979, (2023 - \$32,200) and transaction and extinguishment costs of \$863, (2023 - \$4,980) relating to the Debentures were recognized in net finance costs.

Effective January 1, 2024, Chemtrade has presented the Debentures as current liabilities in the Consolidated Statements of Financial Position in accordance with amendments to IAS 1, *Presentation of Financial Statements - Classification of Liabilities as Current or Non-current*. Since the amendments are applicable retrospectively, Chemtrade has restated the December 31, 2023 Consolidated Statements of Financial Position by re-classifying the Debentures from non-current to current liabilities. While these are presented as current liabilities, Debenture holders do not have the right to demand their repayment prior to their maturity date, which for all the outstanding series of Debentures is more than one year in the future. However, the Debenture holders have the right to convert Debentures into units at predetermined prices, thus, the Debentures are classified as current liabilities.

Balance at December 31, 2024	\$ 78,295	\$ 15,000	\$ 252,207	\$ (2,207)	\$ (7,045)	\$ 336,250

⁽¹⁾ At December 31, 2024 and 2023, Chemtrade had committed a total of \$19,605 and \$18,594, respectively of the revolving credit facilities ("Credit Facilities") towards standby letters of credit.

⁽²⁾ At December 31, 2024 and 2023, Cdn\$ limit of the Credit Facilities was \$863,040 (US\$600,000) and \$860,795 (US\$650,000), respectively, and Chemtrade had drawn US\$54,432 and Cdn\$15,000 and US\$185,870 and Cdn\$398, respectively, on the Credit Facilities.

⁽³⁾ During Q3 2024, Chemtrade issued senior unsecured notes, for proceeds of \$250,000, net of transaction costs of \$6,092. A derivative asset of \$2,207 was recognized against the proceeds of issuance.

⁽⁴⁾ During Q4 2024, Chemtrade amended its Credit Facilities by extending the maturity of the facility to October 2028. Certain terms of the facility including leverage covenants were changed to accommodate the addition of the Notes. Chemtrade incurred transaction costs of \$1,271 to execute the extension.

Revolving Credit Facilities

In the first quarter of 2024, Chemtrade amended its Credit Facilities to replace Canadian Bankers' Acceptance rate with Canadian Overnight Repo Rate Average ("CORRA").

In the fourth quarter of 2024, Chemtrade amended its Credit Facilities by extending the maturity of the facility to October 2028. Certain terms of the facility including leverage covenants were changed to accommodate the addition of senior unsecured notes (the "Notes"). The facility was also reduced in size from US\$650,000 to US\$600,000.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

23. LONG-TERM DEBT (continued):

The Credit Facilities are secured by substantially all of Chemtrade's assets. At December 31, 2024, the weighted average effective interest rate of the facilities was 5.4% (December 31, 2023 - 3.5%). Interest rates on the Credit Facilities are based on Secured Overnight Financing Rate ("SOFR") and CORRA, adjusted by Chemtrade's credit spread.

Chemtrade is subject to certain covenants pursuant to its Credit Facilities, which include Net debt to EBITDA ratios and an Interest Coverage ratio (as such terms are defined in the credit agreement). Chemtrade monitors these ratios and reports them to its lenders on a quarterly basis. As at December 31, 2024 and December 31, 2023, Chemtrade was in compliance with all covenants.

Senior unsecured notes

During the third quarter of 2024, Chemtrade closed its private offering of \$250,000 of aggregate principal amount of 6.375% Notes due August 28, 2029. Chemtrade recognized transaction costs of \$6,092 related to the issuance against the proceeds of the offering. The Notes include early redemption options allowing Chemtrade to redeem the Notes at a premium, in cash, any time prior to August 27, 2028 and at principal any time after August 28, 2028. Chemtrade recognized a derivative asset of \$2,207 to reflect the redemption features of the Notes. Chemtrade utilized proceeds of the issuance to pay down its Credit Facilities.

The Notes are subject to customary terms, conditions and covenants. Chemtrade is in compliance with these as at December 31, 2024.

In January 2025, Chemtrade issued an additional \$125,000 aggregate principal amount of 6.375% Notes due August 28, 2029, resulting in an aggregate principal amount of \$375,000 outstanding on these Notes. See note 33.

CHEMTRADE LOGISTICS INCOME FUND

(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

25. EMPLOYEE BENEFITS:

Chemtrade provides certain health care and pension benefits for certain employees upon retirement.

Generally, under the pension plans, Chemtrade provides retirement benefits based on an employee's years of service and average annual earnings over a period of time prior to retirement. Chemtrade is responsible for meeting its statutory obligations for funding of the pension plans.

Certain hourly employees participate in the Pulp and Paper Industry Pension Trust Fund, a multi-employer, negotiated costs defined benefit plan. The plan is funded by employer and employee contributions. The employer-related expense under this plan in 2024 was \$309 (2023 - \$299).

All eligible Canadian employees participate in a defined contribution pension ("DC") plan. The DC plan is self-directed. Participants choose from a range of investment options offered by the plan administrator. Chemtrade provides a basic contribution of 4% of base salary for participants. Participants can make additional voluntary contributions up to 2% of their base salary, and Chemtrade matches each dollar contributed up to 2% for a total of 6% of base salary. Chemtrade's contributions to the DC plan vest immediately. The employer-related expense under this plan in 2024 was \$3,424 (2023 - \$3,045).

Chemtrade also provides other employee future benefits, including health and dental care benefits and life insurance, for retired employees.

Short-term employee benefits for current employees, such as salaries, paid absences, bonuses and other benefits, are accounted for on an accrual basis over the period in which the employees provide the related services. In 2024, \$203,425 (2023 - \$195,230) of short-term employee benefits were recognized in cost of sales and services, and \$82,267 (2023 - \$74,523) were recognized in selling and administrative expenses.

Chemtrade expects \$3,547 in contributions to be paid to its defined benefit plans in 2025.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements

(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

25. EMPLOYEE BENEFITS (continued):

In 2024 and 2023, Chemtrade completed annuity purchases with respect to former employees. These activities are designed to reduce Chemtrade's defined benefit plan obligations and decrease future risks and volatility associated with these obligations. Chemtrade paid \$909 (2023 - \$8,038) from the impacted plans' assets to settle \$909 (2023 - \$7,866) of pension obligations and recorded a \$nil (2023 - \$172) settlement charge in selling and administrative expenses. The settlement charges resulted from the difference between the amount paid for the annuity purchases and the value of Chemtrade's defined benefit plan obligations related to these annuity purchases at the time of the settlement.

The asset mix in the plan is approximately 71.1% bonds (2023 - 68.1%), approximately 21.1% equity securities (2023 - 23.0%) and approximately 7.8% other investments (2023 - 8.9%).

Assumed discount rates, inflation rates and mortality rates have an effect on the amounts recognized on the consolidated statement of financial position. Holding other assumptions constant, changes in key assumptions that are reasonably possible would have affected the defined benefit obligation by the amounts shown below:

	Defined benefit obligation	
	Increase	Decrease
Discount rate (1% movement)	\$ (22,799)	\$ 27,007
Inflation rate (1% movement)	\$ 8,391	\$ (2,573)
Mortality rate (10% movement)	\$ (6,630)	\$ 7,249

(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

26. UNITS AND OTHER COMPONENTS OF EQUITY:

(a) Units:

Chemtrade has authorized an unlimited number of units. Chemtrade's units have no par value. The following table presents the number of units outstanding:

	2024		2023	
	Number of Units	Amount	Number of Units	Amount
Balance - January 1	117,048,304	\$ 1,648,411	115,536,668	\$ 1,635,683
Units repurchased under NCIB	(5,134,000)	(71,195)	—	—
Conversion of unsecured subordinated convertible debentures (note 22)	6,978,225	51,290	94,964	698
Issuance of units under the DRIP	118,203	1,070	1,416,672	12,030
Balance – December 31	119,010,732	\$ 1,629,576	117,048,304	\$ 1,648,411

On June 3, 2024, the Fund commenced an NCIB, under which, the Fund is authorized to purchase up to 11,672,524 of its units over a 12 month period ending June 2, 2025. In connection with the NCIB, Chemtrade entered into an automatic share purchase plan ("ASPP") with its designated broker for the purpose of allowing the Fund to purchase its units under the NCIB during self-imposed trading backout periods. Under the ASPP, the broker is authorized to purchase units during blackout periods, without consultation with Chemtrade, on predefined terms, including unit price, time period and subject to other limitations imposed in advance by Chemtrade and subject to the rules and policies of the TSX and applicable securities laws, such as daily purchase restrictions.

During the year ended December 31, 2024, the Fund purchased 5,134,000 units as part of the NCIB and recorded a reduction in the book value of units of \$71,195. The difference between the book value and purchase cost of \$16,664 was recognized in contributed surplus. Chemtrade did not recognize a liability under the ASPP at December 31, 2024 as the latest blackout period did not start until after December 31, 2024.

(b) Contributed surplus:

Chemtrade's contributed surplus relates to the purchase of units under a normal course issuer bid.

(c) Accumulated other comprehensive income ("AOCI"):

AOCI is comprised of the following separate components of equity:

Cumulative translation account

The cumulative translation account comprises all foreign currency differences arising from the translation of the financial statements of foreign operations.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

26. UNITS AND OTHER COMPONENTS OF EQUITY (continued):

Unrealized gains/losses on cash flow and net investment hedges

The hedging reserve comprises the effective portion of the cumulative net change in the fair value of cash flow hedging instruments related to hedged transactions that have not yet occurred. The reserve also comprises the cumulative foreign currency differences arising on the translation of Chemtrade's U.S. dollar-denominated long-term debt, which is designated as the hedge of the net investment in foreign operations that use the U.S. dollar.

Change in fair value of convertible debentures due to credit risk

The Debentures are recognized initially at fair value. Subsequent to initial recognition, the Debentures are measured at fair value at each period end date with the changes recorded in comprehensive income. Any changes in the fair value due to Chemtrade's own credit risk are presented in other comprehensive income rather than net earnings.

(d) Distributions:

Effective with the distributions declared in January 2024 and paid in February 2024, Chemtrade suspended its DRIP and increased the monthly distributions from \$0.050 per unit to \$0.055 per unit. Effective with the distributions declared in January 2025 and paid in February 2025, Chemtrade increased the monthly distributions from \$0.055 per unit to \$0.0575 per unit.

Distributions paid for the year ended December 31, 2024 were \$77,684 (2023 - \$70,061) or \$0.655 per unit (2023 - \$0.600 per unit). Of the distributions paid for the year ended December 31, 2024 \$76,614 (2023 - \$58,031) were in cash and \$1,070 (2023 - \$12,030) were reinvested in additional units pursuant to the DRIP. All of Chemtrade's distributions are discretionary and subject to Board approval.

Distributions declared for the year ended December 31, 2024 were \$78,348 (2023 - \$70,140 including the DRIP bonus distributions) or \$0.660 per unit (2023 - \$0.600 per unit).

As at December 31, 2024, Chemtrade had distributions payable of \$6,548 (December 31, 2023 - \$5,884) which were paid on January 31, 2025. On January 22, 2025, Chemtrade declared a cash distribution of \$0.0575 per unit for the month of January 2025 payable on February 28, 2025 to Unitholders of record at the close of business on January 31, 2025.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

27. SHARE-BASED PAYMENTS:

Chemtrade operates a Long-term Incentive Plan ("LTIP"), which grants cash awards based on certain criteria. The LTIP awards have a performance based Performance Share Unit ("PSU") component and a Restricted Share Unit ("RSU") component. The performance based PSU component of the 2022 – 2024 and 2023 – 2025 LTIP awards is based on return on investment capital improvement and total return to Chemtrade's Unitholders relative to the total return of companies comprising the S&P/TSX Dividend Composite Index. The performance based PSU component of the 2024 – 2026 LTIP awards is based on return on investment capital improvement and total return to Chemtrade's Unitholders relative to two peer groups which are the S&P/TSX Dividend Composite Index and a group of peer companies selected by Chemtrade. Total Unitholder return consists of changes in unit price and distributions paid to Unitholders over the course of the performance periods. The performance based PSU component under these LTIP awards is also adjusted by Environmental, Social and Governance goals to be achieved by the end of the performance period. The RSU component of the LTIP awards is a phantom plan which is payable in cash at the end of the performance period.

As at December 31, 2024, a liability of \$48,476 (December 31, 2023 - \$33,640) has been recorded for LTIP awards, of which \$27,538 (December 31, 2023 - \$15,206) is included in trade and other payables and \$20,938 (December 31, 2023 - \$18,434) is included in other long-term liabilities. During the first quarter of 2024, Chemtrade paid \$14,975 to settle the 2021 - 2024 LTIP awards. For the year ended December 31, 2024, Chemtrade recorded an expense of \$23,323 (2023 - \$17,332) in selling and administrative expenses related to the fair value adjustments on the LTIP.

The following RSUs under these plans are outstanding:

Balance – December 31	4,015,314	2,535,567

Chemtrade has in place a deferred unit plan ("DUP") for non-employee trustees ("Participants"), pursuant to which the Participants can elect to take all or a portion of their compensation in the form of deferred units of Chemtrade, with the remainder as a cash payment. The deferred units are settled in units of the Fund issued from treasury or in cash at the Participant's request. Currently, the Participants are required to take a minimum of 50% of their compensation in the form of deferred units of Chemtrade. As at December 31, 2024, 828,080 deferred units at a value of \$9,059 were outstanding (December 31, 2023 - 677,402 deferred units at a value of \$5,771).

The following rights under the DUP are outstanding:

Year ended December 31, 2024 and 2023

27. SHARE-BASED PAYMENTS (continued):

Inputs for measurement of fair values

The inputs used in the measurement of the fair value of the share-based component of LTIP are as follows:

	December 31, 2024	December 31, 2023
Chemtrade units:		
Average base price	\$8.32	\$7.84
Period-end unit price	\$10.94	\$8.52
Average expected volatility	27.30%	31.00%
Average risk free interest rate	2.96%	4.14%
Average expected remaining term	1.50 years	1.50 years

28. COMMITMENTS AND CONTINGENCIES:

(a) Purchase commitments

Chemtrade has contractual commitments for the purchase of electricity in Brazil, of which approximately 90 to 100 percent of the cost is passed onto one major customer, and minimum purchase commitments under certain multi-year salt supply contracts and contractual commitments for PPE. Chemtrade's outstanding purchase commitments as at December 31, 2024 are as follows:

2025	\$	39,918
2026		22,812
	\$	62,730

(b) Decommissioning and Environmental costs

Chemtrade's operations are subject to numerous laws, regulations and guidelines relating to air emissions, water discharges, solid and hazardous wastes, transportation and handling of hazardous substances and employee health and safety in Canada, the United States, Brazil and other countries in which Chemtrade operates. These environmental regulations are continually changing and are generally becoming more restrictive.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

28. COMMITMENTS AND CONTINGENCIES (continued):

(c) Contingent assets

During 2022, Chemtrade was successful in a lawsuit against Superior involving the failed attempt by Superior to acquire Canexus, prior to Chemtrade's 2017 acquisition of Canexus. Chemtrade received a payment of \$28,119 representing \$25,000 in respect of the disputed reverse termination fee, plus interest and costs. Superior appealed the judgment, at which time Chemtrade established a provision of \$28,119 due to the uncertainty associated with the outcome of the appeal. See note 33 for more details.

29. FINANCIAL INSTRUMENTS:

(a) Categories of financial assets and liabilities

The carrying values of Chemtrade's financial instruments are as follows:

	IFRS 9 Classification	2024	2023
Cash-settled unit swaps (notes 13, 18)	Fair value - hedging instrument	\$ 13,550	\$ 6,252
Cash-settled unit swaps (notes 13, 18)	Fair value through profit and loss	3,773	1,332
Interest rate swap asset (notes 13, 18)	Fair value through profit and loss	7,000	10,886
Foreign exchange contracts (liability) asset (notes 13, 20)	Fair value through profit and loss	(9,317)	2,483
Convertible unsecured subordinated debentures (note 22) ⁽¹⁾	Fair value through profit and loss	356,596	437,517
Redemption option derivative asset (note 23)	Fair value through profit and loss	2,207	—
Trade and other receivables (note 11)	Amortized cost	148,085	146,686
Trade and other payables (note 20)	Other financial liabilities	318,131	299,351
Distributions payable (note 26)	Other financial liabilities	6,548	5,884
Long-term debt (note 23)	Other financial liabilities	336,250	246,545

⁽¹⁾ Any changes in the fair value due to Chemtrade's own credit risk are presented in other comprehensive income rather than net earnings.

⁽²⁾ See below for notional amounts.

⁽³⁾ Redemption option derivative asset is disclosed as net of the proceeds of issuance of the Notes (see note 23).

As of January 1, 2022, Chemtrade had swap arrangements in place to fix the LIBOR components of its interest rates on US\$325,000 of its Credit Facilities until October 2024. During the first quarter of 2022, Chemtrade formally designated the interest rate swaps as cashflow hedges. Subsequent to the designation, changes in the fair value of the effective portion of the swaps were recognized in other comprehensive income.

During the third quarter of 2022, Chemtrade de-designated its interest rate swaps and hedge accounting on these swaps was discontinued prospectively. The accumulated balance of the change in the fair value of the interest rate swaps in other comprehensive income at the time the swaps were de-designated was reclassified to net earnings until October 2024. For the year ended December 31, 2024, Chemtrade reclassified \$6,139, (2023 - \$7,017) relating to the changes in fair value of the effective portion of the swaps from other comprehensive income to net earnings, as a result of the de-designation. As a result of discontinuing hedge accounting, all subsequent changes in the fair value of the interest rate swaps are recognized in net earnings. For the year ended December 31, 2024, Chemtrade recognized a loss of \$3,885, (2023 - a loss of \$10,181) relating to the changes in the fair value of the de-designated swaps, in net earnings.

During the first quarter of 2024, Chemtrade amended the terms of its existing US\$175,000 and US\$150,000 interest rate swaps on its outstanding long-term debt. Effective January 24, 2024,

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

29. FINANCIAL INSTRUMENTS (continued):

the terms of these swaps were extended until December 2026 to align with the maturity date of the long-term debt and the aggregate amount of the swap was reduced to US\$175,000. As a result of the extension, Chemtrade presented the fair value relating to the interest rate swap in Other assets under non-current assets, which compares to December 31, 2023 when these were presented in Prepaid expenses and other assets in the Consolidated Statements of Financial Position.

Chemtrade hedges its investment in foreign operations that use the U.S. dollar as their functional currency by Chemtrade's U.S. dollar-denominated bank debt. Any foreign currency gains and losses arising from the U.S. dollar-denominated debt will be offset by the foreign currency gain or loss arising from the investment in the foreign operations. The gains and losses on the foreign currency translation of the designated amount of U.S. dollar-denominated debt and investment in foreign operations are recognized in other comprehensive income.

For the year ended December 31, 2024, a foreign exchange loss of \$8,632 (2023 - gain of \$2,584) on the revaluation of the U.S. dollar-denominated debt related to this hedging strategy was recognized in other comprehensive income, net of tax.

Chemtrade has entered into cash-settled unit swap arrangements which fix the unit price on a portion of the RSU and PSU components of its LTIP awards and a portion of the deferred units awarded under the DUP. During the first quarter of 2023, Chemtrade rolled over the hedged units maturing on March 31, 2023, into 2024, 2025 and 2026. During the first quarter of 2024, Chemtrade rolled over the hedged units maturing on March 31, 2024, into 2025, 2026 and 2027. The RSU component of the LTIP awards is a phantom plan which is payable in cash at the end of the performance period. The PSU component of the LTIP awards gives a right to the participants to receive cash payments upon the achievement of performance goals during the performance periods. The arrangements are based on a portion of RSUs and PSUs outstanding for all its existing LTIP awards.

As at December 31, 2024, the notional number of units hedged was 2,487,211 with maturity dates ranging between March 2025 and March 2027. Distributions on the hedged units are reinvested in these swap arrangements. The RSU and PSU swaps are formally designated as cash flow hedges at the date of inception and any changes in the fair value of the unvested portion of the RSUs and PSUs are recognized in other comprehensive income. However, the swaps which fix the unit price on deferred units are not formally designated as cash flow hedges and any changes in the fair value of these deferred units swaps are recognized in net earnings. As at December 31, 2024, the notional number of units not hedged was 709,148 maturing in March 2025.

Chemtrade has entered into foreign exchange contracts to manage some of its exposure to foreign currencies. Chemtrade buys and sells specific amounts of currencies at pre-determined dates and exchange rates, which are matched with the anticipated operational cash flows.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements

Year ended December 31, 2024 and 2023

29. FINANCIAL INSTRUMENTS (continued):

Contracts in place at December 31, 2024 include future contracts to sell the following amounts for periods through to March 2026:

Amount	Maturity	Exchange rate
US\$57,630	Q1 2025	\$1.36
US\$35,077	Q2 2025	\$1.37
US\$32,177	Q3 2025	\$1.38
US\$16,000	Q4 2025	\$1.37
US\$7,000	Q1 2026	\$1.37

The redemption option derivative asset (see note 23) associated with the Notes is an embedded derivative separately recognized to reflect the redemption features of the Notes.

(c) Fair values of financial instruments:

Fair value is the value that would be agreed upon in an arm's length transaction between willing and knowledgeable counter-parties. The carrying amounts of cash and cash equivalents, trade and other receivables, trade and other payables and distributions payable approximate their fair values because of the short-term maturity of these financial instruments. The carrying amount of the Credit Facilities, approximates fair value as the debt accrues interest at variable interest rates. The fair value of the Notes is \$255,944, which is higher than the carrying amount as the fixed interest rate is higher than the market interest rate for similarly rated notes as at December 31, 2024.

For fair value estimates relating to the Debentures, the Notes and derivatives, Chemtrade classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - Unadjusted quoted prices at the measurement date for identical assets or liabilities in active markets.

Level 2 - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs which are supported by little or no market activity.

The following is a summary of the fair value hierarchy levels of Chemtrade's financial instruments:

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements

The Debentures are classified within Level 1 because they are actively traded on the TSX and the fair value is based on the quoted prices on the TSX. Any changes in the fair value of the Debentures are recognized in net earnings except for changes due to the Fund's own credit risk which are recorded in other comprehensive income.

The Notes are classified within Level 2 because they are based on rates quoted by banks and other public data sources.

All of Chemtrade's derivative financial instruments are classified within Level 2 because they are based on rates quoted by banks and other public data sources. The current portion of these derivatives is recorded in Prepaid expenses and other assets and trade and other payables and

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

29. FINANCIAL INSTRUMENTS (continued):

the non-current portion is recorded in Other assets and Other long-term liabilities in the Consolidated Statements of Financial Position.

The fair value of the foreign exchange contracts is the difference between the forward exchange rate and the contract rate. Any changes in the fair value of these contracts are recognized in net earnings.

The fair value of the interest rate swap arrangements is the difference between the forward interest rates and the contract rates discounted. Any changes in the fair value of these arrangements are recognized in net earnings.

The fair value of the cash-settled unit swap arrangements is the difference between the forward unit price and the contract unit price. Any changes in the fair value of the unvested portion of the unit swaps are recognized in other comprehensive income. Any changes in the fair value of the deferred unit swaps are recognized in net earnings.

The fair value of the redemption option derivative asset reflects the redemption features of the Notes and changes to the fair value are recognized in net earnings with fair value based on models using observable interest rate inputs.

(d) Risks associated with financial instruments

(i) Credit risk

Credit risk arises from the non-performance by counter-parties of their contractual financial obligations. Chemtrade manages credit risk for trade and other receivables through established credit monitoring activities. Chemtrade does not have a significant concentration of credit risk with any single counter-party. The primary counter-parties related to the foreign exchange forward contracts and interest rate swaps carry investment grade ratings. Chemtrade believes its credit risk of counterparty non-performance continues to be relatively low. Chemtrade is in regular contact with its customers, suppliers and logistics providers, and to date has not experienced significant counter-party non-performance. However, if a key supplier or customer experiences financial difficulties or fails to comply with their contractual obligations, this could result in a significant financial loss to Chemtrade. Chemtrade's maximum exposure to credit risk at the reporting date is the carrying value of its receivables and derivative assets.

(ii) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. Chemtrade manages liquidity risk by maintaining

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

29. FINANCIAL INSTRUMENTS (continued):

adequate cash and cash equivalent balances, and by appropriately utilizing its lines of credit. Chemtrade believes that cash flows from operating activities, together with cash

on hand, cash from receivables and borrowings available under the revolving credit facility are sufficient to fund its currently anticipated financial obligations, and will remain available in the current environment.

The undiscounted cash flow requirements for financial liabilities as at December 31, 2024 are as follows:

	Carrying Value	Total	Less Than 1 Year	2-3 Years	4-5 Years	After 5 Years
Trade and other payables (note 20)	\$ 318,131	\$ 318,131	\$ 318,131	\$ —	\$ —	\$ —
Distributions payable (note 26)	6,548	6,548	6,548	—	—	—
Lease liabilities (note 16)	206,413	218,005	66,274	103,562	38,523	9,646
Long-term debt (note 23)	336,250	343,295	—	—	343,295	—
Interest on long-term debt	—	93,890	20,981	42,213	30,696	—
Convertible unsecured subordinated debentures (note 22)	356,596	340,000	—	230,000	110,000	—
Interest on Debentures	—	60,491	22,325	34,348	3,818	—
Total	\$ 1,223,938	\$ 1,380,360	\$ 434,259	\$ 410,123	\$ 526,332	\$ 9,646

(iii) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and price risk (unit and other). Chemtrade's market risks are as follows:

(a) Currency risk

Chemtrade is exposed to fluctuations in the exchange rate of the U.S. dollar relative to the Canadian dollar as a portion of Chemtrade's earnings are in U.S. dollars, with earnings positively affected when the U.S. dollar strengthens relative to the Canadian dollar. At December 31, 2024, on an unhedged basis, Chemtrade estimates that a one-cent change in the exchange rate would have an impact on the translation of net earnings of approximately \$3,000 per annum. At December 31, 2024, on an unhedged basis, a one-cent change in the exchange rate would also have an impact of approximately \$500 on Chemtrade's net earnings because of the translation of its U.S. dollar-denominated long-term debt. Chemtrade cannot predict changes in currency exchange rates, the impact of exchange rate changes on Chemtrade's operating results, nor the degree to which Chemtrade will be able to manage the

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements

(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

29. FINANCIAL INSTRUMENTS (continued):

impact of currency exchange rate changes. Such changes could have an impact on Chemtrade's business, results of operations and financial condition.

(b) Interest rate risk

Chemtrade has a credit facility with long-term debt which bears variable rates of interest. As at December 31, 2024, on an unhedged basis, a change in interest rates of 1% per annum would have an impact of approximately \$900 on Chemtrade's net earnings per annum. As at December 31, 2024, Chemtrade had fixed interest rates on 100% of its Credit Facilities until December 2026 through interest rate swaps and 0% thereafter until October 2028.

(c) Unit price risk

Unit price risk is the risk that changes in Chemtrade's own unit price affect earnings and cash flows. Earnings and cash flows from operating activities are affected when outstanding cash-settled RSUs and PSUs, issued under Chemtrade's LTIP awards and deferred units under DUP are revalued each period based on Chemtrade's unit price. Net cash flows from operating activities are affected when these cash-settled RSUs, PSUs and DUP units are ultimately settled. Chemtrade enters into cash-settled unit swap arrangements to fix the unit price on a portion of the RSU and PSU components of its LTIP awards and deferred units under DUP to mitigate a portion of the unit price risk.

(d) Other price risks

Product Price and Sales Volume Risk -

Every \$50 change in the price per metric tonne ("MT") of North American produced sodium chlorate would have an impact on earnings before income taxes of approximately \$13,500 per annum. Every \$100 change in the price per MECU of chlor-alkali products produced in North America would have an impact on earnings before income taxes of approximately \$17,200 per annum. These sensitivities to changes in prices are based on approximately 270,000 MT of North American sodium chlorate sales and 172,000 MECU of North American chlor-alkali sales for the year ended December 31, 2024, respectively.

A change in sales volumes for North American sodium chlorate of 10,000 MT would have an impact on earnings before income taxes of approximately \$5,080 per annum. A change in sales volumes for North American chlor-alkali products of 5,000 MECU would have an impact on earnings before income taxes of approximately \$7,500 per annum.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

29. FINANCIAL INSTRUMENTS (continued):

Electricity Price Risk -

Every four percent change in the price of electricity in North America would have an impact on earnings before income taxes of approximately \$3,500 per annum. This

sensitivity to changes in electricity prices is based on North American electricity consumption of approximately 1,804,000 megawatt hours for the year ended December 31, 2024. A four percent change in the price of electricity in North America is considered reasonable given historical price changes and market expectations for future movement.

Sulphuric acid pricing -

At December 31, 2024, a change in sulphuric acid pricing, net of freight, of \$10 per tonne, would have an impact on annual revenues in North America of approximately \$8,900. In any specific period, the exact impact would depend upon the volume that is subject to sales contracts where pricing has been fixed for a period of time. The magnitude of realized price changes also depends upon regional market dynamics. It is difficult to reliably estimate the impact of price changes on earnings as this depends upon the volume subject to risk-sharing supply contracts and changes in sulphur costs for manufactured sulphuric acid. These factors lessen the impact of price changes on earnings relative to revenue.

Salt costs -

Chemtrade uses salt in the manufacturing of its sodium chlorate and chlor-alkali products. At current operating levels, an increase of \$2 per tonne of salt prices in North America would have an impact of approximately \$900 per annum on earnings before income taxes.

Sulphur costs -

Chemtrade uses sulphur in the manufacturing of several of its products, including sulphuric acid. At operating levels as at December 31, 2024, an increase of \$10 per tonne would have an impact of approximately \$1,200 per annum on cost of sales and services. It is important to note that a change in the cost of sulphur is likely to lead to a change in the price for sulphuric acid as this is a key input cost in the manufacturing of sulphuric acid. Thus, the net impact on earnings of changes in sulphur costs would depend upon changes in sulphuric acid pricing.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

30. CAPITAL MANAGEMENT:

Chemtrade's objective when managing its capital is to safeguard Chemtrade's assets and its ability to continue as a going concern, to meet external capital requirements related to its credit facilities, and to maximize the growth of its business and the returns to its Unitholders. Chemtrade's capital structure is comprised of units, Debentures and long-term debt. The long-term debt consists of Credit Facilities and the Notes. The Credit Facilities do not require payment until October 2028 and the Notes do not require payment until August 2029.

The Debentures have maturity dates ranging from October 2026 to June 2028. Chemtrade intends to maintain a flexible capital structure consistent with the objectives stated above and to respond to changes in economic conditions and the risk characteristics of underlying assets. In order to maintain or adjust its capital structure, Chemtrade may purchase units for cancellation, issue new units, raise debt (secured, unsecured, convertible and/or other types of available debt instruments) or refinance existing debt with different characteristics.

Chemtrade utilizes annual capital and operating expenditure budgets to facilitate the management of its capital requirement. These budgets are approved by the Board. Budgets are updated if there are significant changes in fundamental underlying assumptions during a period.

Chemtrade monitors capital using a Net debt to LTM Adjusted EBITDA ratio. Net debt to LTM Adjusted EBITDA ratio is 'Net debt' divided by last twelve months (LTM) Adjusted EBITDA. Chemtrade includes within Net debt, long-term debt, Debentures, lease liabilities, less cash and cash equivalents. Chemtrade monitors Net debt to LTM Adjusted EBITDA as a part of liquidity management to sustain future investment in the growth of the business and make decisions about capital.

	2024	2023
Long-term debt ⁽¹⁾	\$ 343,295	\$ 246,545
Add (Less):		
Debentures ⁽¹⁾	340,000	425,552
Long-term lease liabilities	148,268	130,583
Lease liabilities ⁽²⁾	58,145	49,304
Cash and cash equivalents	(25,497)	(21,524)
Net debt	864,211	830,460
LTM Adjusted EBITDA ⁽³⁾	\$ 470,792	\$ 502,637
Net debt to LTM Adjusted EBITDA	1.84	1.65

⁽¹⁾ Principal outstanding amount, see notes 22 and 23.

⁽²⁾ Presented as current liabilities in the Consolidated Statements of Financial Position.

⁽³⁾ LTM Adjusted EBITDA represents the last twelve months Adjusted EBITDA.

30. CAPITAL MANAGEMENT (continued):

Chemtrade is subject to certain covenants on its credit facilities, which include Net Debt to EBITDA ratios and an Interest Coverage ratio (as all terms are defined in the credit agreement). Chemtrade monitors these ratios and reports them to its lenders on a quarterly basis. As at December 31, 2024 and December 31, 2023, Chemtrade was in compliance with the above covenants.

There were no changes in Chemtrade's approach to managing capital during the year ended December 31, 2024.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

31. RELATED PARTIES:

Key management personnel compensation

Key management personnel is comprised of trustees and the senior leadership team of Chemtrade. Trustees receive compensation in the form of an annual retainer. In addition to their salaries, Chemtrade also provides other benefits to the senior leadership team. One such benefit is the contribution to a post-employment DC plan on their behalf. Once the contribution reaches the limit allowed under the Income Tax Act (Canada), additional contributions are made to a non-registered account. Chemtrade provides a basic contribution of 4% of base salary for plan participants. They can make additional voluntary contributions up to 2% of their base salary, and Chemtrade matches each dollar contributed up to 2% for a total of 6% of base salary. Contributions to the DC plan vest immediately. These plans for the senior leadership team are identical to the plans offered to all employees in the same jurisdiction.

Chemtrade offers a 401(k) plan to employees in the U.S. including key management personnel. The plan is a qualified retirement 401(k) plan, and is self-directed. Participants choose from a range of investment options offered by The Standard, who administers the plan. The interest and earnings on the investments held in the 401(k) plan account vary, and depend on the terms and performance of the investments chosen. Employees make voluntary contributions on each pay, and Chemtrade matches employee contributions up to 6% of eligible earnings subject to legislated government maximums. Chemtrade's contributions to the 401(k) plan vest immediately.

The Annual Incentive Compensation ("Annual IC") plan entitles the senior leadership team to annual cash awards based on (i) Chemtrade's success in achieving financial objectives (financial achievement is weighted at 65% of the total annual IC award); and (ii) their individual success in accomplishing personal objectives (weighted at 35% of the total annual IC award) as set out in their objectives for the fiscal year.

The LTIP, as described in note 27, is designed to align the interests of the participants with the interests of Unitholders. It is a cash plan where payment is triggered upon the successful achievement of pre-defined performance criteria. Each year the Human Capital and Compensation Committee of the Board determines the performance period over which performance will be measured. The annual LTIP awards granted have been based on a three-year performance period and the awards vest at the end of the three-year period. The value of this compensation is re-measured at each reporting period based upon changes in the fair value of the awards.

Certain members of the senior leadership team are subject to a mutual term of notice upon termination of employment without cause; they are entitled to termination benefits of 12 to 18 months gross salary. In addition they are entitled to either their target annual IC or a value based on the most recently completed financial year.

CHEMTRADE LOGISTICS INCOME FUND

(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

31. RELATED PARTIES (continued):

Chemtrade has in place a deferred unit compensation plan for its non-management trustees, pursuant to which the trustees can elect to take all or a portion of their compensation in the form of deferred units of Chemtrade, with the remainder as a cash payment. Currently, the trustees are required to take 50% of their compensation in the form of deferred units of Chemtrade.

As at December 31, 2024, the market value of these deferred units, which is included in trade and other payables was \$9,059 (2023 - \$5,771).

The key management personnel compensation expense including retirements costs, which is recorded in comprehensive income, is as follows:

	2024	2023
Short-term compensation	\$ 9,736	\$ 10,449
LTIP	17,434	10,999
	\$ 27,170	\$ 21,448

Investment in a Joint Venture

32. MATERIAL ACCOUNTING POLICIES:

The accounting policies set out below have been applied consistently by Chemtrade's entities to all periods presented in these consolidated financial statements.

Set out below is an index of the material accounting policies, the details of which are available on the pages that follow:

(a) Basis of consolidation.....	67
(b) Segment reporting.....	67
(c) Revenue recognition.....	67
(d) Income tax.....	68
(e) Inventories.....	68
(f) Property, plant and equipment.....	69
(g) Leases.....	69
(h) Intangible assets.....	71
(i) Impairment.....	71
(j) Provisions.....	74
(k) Employee benefits.....	75
(l) Financial Instruments.....	76

(a) Basis of consolidation

The consolidated financial statements include the financial statements of Chemtrade, its controlled subsidiaries and equity accounted investments, including joint ventures. Control is achieved when Chemtrade has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

(b) Segment reporting

A reportable segment is a component of Chemtrade that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of Chemtrade's other components. All operating segments' operating results are reviewed regularly by Chemtrade's CEO to make

decisions about resources to be allocated to each segment and assess its performance, and for which discrete financial information is available.

(c) Revenue recognition

(i) Sale of products:

Revenue from the sale of products in the course of ordinary activities is measured and recorded at the most likely amount of consideration expected to be received, net of

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

returns, trade discounts and volume rebates. If it is probable that discounts will be granted and the amount can be measured reliably, then the discount is recognized as a reduction of revenue as the sales are recognized.

Revenue from the sale of products are recognized when control is passed to the customer according to the terms of the contract, which could be upon shipment of goods or when the product reaches the customer site. In certain cases, customers will pick up the products at Chemtrade's plants and Chemtrade will recognize revenues when the product is picked up.

For products sold to pipeline customers, revenue is recognized when the product crosses the property line through the pipeline. This is the point where the product is considered delivered and control of the product transfers to the customer.

(ii) Processing services:

Chemtrade provides processing services to customers that are continuous and ongoing in nature. Generally, processing services are provided for a specified period of time and are not based on volumes or the completion of specific milestones. Therefore, revenue for processing services are recorded over time.

(d) Income tax

Income tax expense is comprised of current and deferred tax. Current tax and deferred tax are recognized in earnings except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

(e) Inventories

Finished goods inventory is valued at the lower of average cost and net realizable value. Average cost includes all costs of purchase, costs of conversion and other costs incurred to bring inventories to their present location and condition. Costs of conversion include a

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

systematic allocation of fixed and variable production overheads that are incurred in converting materials into finished goods. The allocation of fixed production overheads is based on normal production capacity. Raw material inventory and operating supplies are recorded at the lower of cost determined on a first-in, first-out basis, and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

(f) Property, plant and equipment

(i) Recognition and measurement:

Items of PPE are measured at cost less accumulated depreciation and accumulated impairment losses.

Parts of an item of PPE having different useful lives, are accounted for as separate items (major components) of PPE.

(ii) Depreciation:

Depreciation is recognized in comprehensive income on a straight-line basis over the estimated useful life of each part of an item of PPE, since this most closely reflects the expected pattern of consumption of the future economic resources embodied in the asset. Land is not depreciated.

The estimated useful lives for the current and comparative periods of plant and equipment are as follows:

- Building 5 - 40 years
- Equipment 5 - 40 years
- Furniture and other 3 - 10 years

Facilities and equipment under construction do not begin to be depreciated until substantially complete and ready for productive use.

Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted if appropriate.

(g) Leases

Chemtrade leases various assets that include rail cars, private fleet, real estate, vehicles and other heavy-duty machinery and equipment to conduct its daily operations.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

Chemtrade assesses whether a contract is or contains a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration.

(i) As a lessee

At inception or on reassessment of a contract that contains a lease component in which Chemtrade is a lessee, Chemtrade allocates the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices. However, for certain leases where it is a lessee, Chemtrade has elected not to separate non-lease components and will instead account for the lease and non-lease components as a single lease component.

Chemtrade recognizes ROU assets and lease liabilities for most leases. Chemtrade applies recognition exemptions for short-term leases (i.e. leases with terms less than 12 months or entered into on a month-to-month basis) and leases that are considered to be low-dollar value leases. Short-term and low-dollar value leases are directly recorded in profit or loss.

Chemtrade recognizes an ROU asset and a lease liability at the lease commencement date. The ROU asset is initially measured at cost. Subsequent to initial recognition, the ROU asset is measured at cost less any accumulated depreciation and impairment losses, and adjusted for certain remeasurements of the lease liability. In comparison, the lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, Chemtrade's incremental borrowing rate is used. Generally, Chemtrade uses its incremental borrowing rate as the discount rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, a change in the estimate of the amount expected to be payable under a residual value guarantee, or as appropriate, changes in the assessment of whether a purchase or extension option is reasonably certain to be exercised or a termination option is reasonably certain to be exercised or a termination option is reasonably certain not to be exercised.

Chemtrade depreciates the ROU asset on a straight-line basis over the lease term, unless Chemtrade expects to obtain ownership of the leased asset at the end of the lease.

If Chemtrade expects to obtain ownership of the leased asset at the end of the lease, Chemtrade depreciates the ROU asset over the underlying asset's estimated useful life.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

(h) Intangible assets

(i) Goodwill:

Goodwill arising on the acquisition of business is allocated as of the date of the business combination to Chemtrade's CGUs and CGU groups that are expected to benefit from the synergies of the business combination.

(ii) Other intangible assets:

Other intangible assets include the estimated fair value, based on discounted cash flows, at the date of acquisition of long-term customer relationships.

(iii) Amortization of intangibles:

Amortization of intangible assets, excluding goodwill, is calculated over the estimated useful life upon recognition of the asset. Amortization is recognized in comprehensive income on a straight-line basis over the estimated useful lives of intangible assets, from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic resources embodied in the assets. The estimated useful lives for the current and comparative period are as follows:

- Customer relationships 10 - 16 years
- Other 5 - 10 years

(i) Impairment

(i) Trade and other receivables:

In relation to trade and other receivables, a provision for impairment is made and an impairment loss is recognized in comprehensive income when there is objective evidence (such as the probability of insolvency or significant financial difficulties of the debtor) that Chemtrade will not be able to collect all of the amounts due under the original payment terms of the invoice. This analysis is performed using a forward-looking "expected credit loss" model under IFRS 9. The carrying amount of the receivable is reduced through use of an allowance account for expected credit losses. Impaired debts are written off against the allowance account when they are assessed as uncollectible. Any subsequent reversal of an impairment loss is recognized in comprehensive income.

(ii) Goodwill:

Chemtrade performs a goodwill impairment test on an annual basis or more frequently

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

when events or changes in circumstances indicate that the carrying amount of a CGU or CGU group likely exceeds its recoverable amount.

Goodwill is not amortized, however Chemtrade performs its annual test for goodwill impairment in the fourth quarter of each fiscal year.

Valuation techniques

The recoverable amount of each CGU or CGU group is based on the higher of its value in use and its fair value less costs to sell. The values assigned to the key assumptions represent management's assessment of future trends in the industry and are based on both external sources and internal sources. An impairment loss is recognized immediately in comprehensive income if the recoverable amount of the CGU or CGU group is estimated to be less than its carrying amount. Any impairment loss on goodwill that is recognized cannot be reversed.

Value in use approach

The value in use approach is predicated upon the value of the future cash flows that a business will generate in future periods. The discounted cash flow method is used which involves projecting cash flows and converting them into a present value equivalent through discounting. The discounting process uses a rate of return that is commensurate with the risks associated with the business or asset and the time value of money. This approach requires assumptions about forecast operating margins, maintenance and other capital expenditures, terminal growth rates and discount rates.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

The following is a description of significant assumptions in obtaining the value in use:

<i>Forecast Operating Margins and Maintenance and Other Capital Expenditures</i>	Chemtrade forecasts operating margins and maintenance and other capital expenditures based on financial budgets, past experience, future growth trends such as gross domestic product ("GDP") growth and inflation, associated economic risk assumptions and estimates of achieving key operating initiatives, covering a five year period.
<i>Terminal Growth Rates</i>	Subsequent to the five year forecast period, Chemtrade applies a terminal growth rate. The terminal growth rate is based on estimated long-term GDP growth and inflation in the markets in which Chemtrade operates.
<i>Discount rates</i>	Chemtrade assumes a pre-tax discount rate in order to calculate the present value of its projected cash flows. The discount rate represents a weighted average cost of capital ("WACC"). The WACC is an estimate of the overall required rate of return on an investment for both debt and equity owners and serves as the basis for developing an appropriate discount rate.

Fair value less costs to sell approach

Fair value less costs to sell is the amount obtainable from the sale of a CGU or CGU group in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal. The estimated market price is based on a multiplier based on earnings before interest, taxes, depreciation and amortization and market capitalization.

(iii) Other non-financial assets carried at amortized cost:

If there is objective evidence that an impairment loss on a non-financial asset carried at amortized cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and its recoverable amount. The carrying amount of the non-financial asset is then reduced by the amount of the impairment and the loss is recognized in comprehensive income. If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed to the extent that the carrying value of the non-financial asset does not exceed the amortized cost had the impairment not been recognized.

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

(j) Provisions

A provision is recognized if, as a result of a past event, Chemtrade has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic resources will be required to settle the obligation.

The following is a description of various provisions:

<i>Environmental and Decommissioning liabilities</i>	<p>A provision for environmental liabilities is recorded based on current interpretation of environmental laws and regulations when it is probable that a liability has been incurred and the amount of such a liability can be reliably estimated.</p> <p>Chemtrade recognizes provisions for statutory, contractual, constructive or legal obligations associated with decommissioning of Chemtrade's plants. The fair value of estimated decommissioning liabilities is recognized when identified and a reasonable estimate of fair value can be made. A decommissioning asset equal to the estimated fair value of the decommissioning liability is capitalized as part of the cost of the related long-lived asset. The decommissioning asset is depreciated over the asset's estimated useful life and included in cost of sales and services. Increases in the decommissioning liabilities resulting from the passage of time are recorded as accretion of the decommissioning liabilities.</p>
<i>Legal provisions</i>	<p>Provisions for legal claims are measured at the present value of the expenditure expected to be required to settle the obligation using a pre-tax discount rate that reflects the current market assessment of the time value of money and the risks specific to the obligation.</p>

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

(k) Employee benefits

(i) Defined contribution plans:

The DC plan is a post-employment benefit plan under which Chemtrade pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to DC plans are recognized as an employee benefit expense in comprehensive income in the periods during which services are rendered by employees.

(ii) Defined benefit plans:

A defined benefit pension plan is a post-employment benefit plan other than a DC plan. Chemtrade's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is then discounted to determine its present value and the fair value of any plan assets are deducted. The discount rate is the yield at the reporting date on high quality bonds that have maturity dates approximating the terms of Chemtrade's obligations and that are denominated in the same currency in which the benefits are expected to be paid. The calculation is performed annually by a qualified actuary using the projected unit credit method.

Chemtrade deducts the fair values of plan assets from the defined benefit plan obligations to arrive at the net defined benefit plan obligations (assets). For plans that result in a net defined benefit asset, the recognized asset is limited to the present value of economic benefits available in the form of future refunds from the plan or reductions in future contributions to the plan ("asset ceiling"). If it is anticipated that Chemtrade will not be able to recover the value of the net defined asset, after considering minimum funding requirements for future service, it reduces the net defined benefit asset to the amount of the asset ceiling. When the payment in the future of minimum funding requirements related to the past service would result in a net defined surplus or an increase in a surplus, the minimum funding requirements are recognized as a liability to the extent that the surplus would not be fully available as a refund or a reduction in future contributions.

Chemtrade recognizes all actuarial gains and losses, the effect of the asset ceiling (if applicable) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) arising from defined benefit plans immediately in other comprehensive income, and reports them in deficit. Depending on the plan, expenses such as plan amendments, current service costs and administration costs are recorded in either cost of sales or selling and administrative expenses within comprehensive income. The interest costs are recorded in net finance costs within comprehensive income.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

(iii) Multi-employer plan:

Chemtrade participates in a multi-employer pension plan, which is accounted for as a DC plan. Chemtrade does not administer this plan but rather the administration and the investment of these assets are controlled by a board of trustees consisting of union and employer representatives. Chemtrade's responsibility to make contributions to this plan is established pursuant to its collective agreements.

(iv) Share-based compensation:

Chemtrade operates an LTIP which grants cash awards based on certain criteria. These awards are accounted for as liabilities with the value of these liabilities being re-measured at each reporting period, based upon changes in the fair value of the awards. Any gains or losses on re-measurement are recorded in selling and administrative expenses.

(I) Financial instruments

(i) Non-derivative financial assets:

Recognition and initial measurement

Chemtrade's non-derivative financial assets are comprised of trade and other receivables and cash and cash equivalents. Chemtrade initially recognizes financial assets measured at amortized cost at fair value on the date that they are originated. All other financial assets (including assets measured at fair value through profit or loss) are recognized at fair value on the trade date at which Chemtrade becomes a party to the contractual provisions of the instrument.

Trade and other receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition these financial assets are measured at amortized cost using the effective interest method, less any net impairment for estimated expected credit losses.

Chemtrade de-recognizes the trade receivables sold under its receivables purchase facility when all the risks and rewards of ownership of the receivable are transferred substantially. The balances presented within trade and other receivables in the consolidated statements of financial position exclude the receivables transferred.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

Classification and subsequent measurement

Chemtrade de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire. Financial assets and liabilities are offset and the net amount presented in the consolidated statements of financial position when Chemtrade has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

(ii) Non-derivative financial liabilities:

Recognition and initial measurement

Chemtrade's non-derivative financial liabilities include trade and other payables, distributions payable, long-term debt and convertible unsecured subordinated debentures. Chemtrade initially recognizes long-term debt at fair value on the date that they are originated.

The convertible unsecured subordinated debentures are recognized initially at fair value. Transaction costs related to the convertible unsecured subordinated debentures are expensed as incurred.

Subsequent measurement

Chemtrade de-recognizes a financial liability when its contractual obligations are discharged, cancelled or expired. Financial assets and liabilities are offset and the net amount presented in the consolidated statements of financial position when Chemtrade has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

The convertible unsecured subordinated debentures are measured at fair value at each period end date with the changes recorded in comprehensive income. Any changes in the fair value due to Chemtrade's own credit risk are presented in other comprehensive income rather than net earnings.

(iii) Units:

The Fund units meet the definition of a financial liability under IFRS as the redemption feature of the Fund units creates an unavoidable contractual obligation to pay cash. The Fund units are considered to be "puttable instruments" because of the redemption feature. IFRS provides a very limited exemption to allow puttable instruments to be presented as equity provided certain criteria are met.

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

The Fund classifies units as equity because they meet all of the puttable instrument exemption criteria.

Chemtrade recognizes the liabilities for unpaid cash distributions, distributions opted to be reinvested and bonuses thereon at the time such distributions are declared. Liabilities for distributions opted to be reinvested and bonuses thereon are de-recognized when such units are issued to the participants.

(iv) Derivative financial instruments:

Chemtrade holds derivative financial instruments to mitigate its foreign currency, unit price and interest rate risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if the economic characteristics and risks of the host contract and the embedded derivative are not closely related.

Derivatives are recognized initially at fair value with attributable transaction costs recognized in comprehensive income as incurred. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are recognized immediately in comprehensive income, except for derivatives designated as cash flow hedges as noted below.

(v) Hedging:

On initial designation of the hedge, Chemtrade formally documents the relationship between the hedging instruments and hedged items, including the risk management objectives and strategy in undertaking the hedge transaction, together with the methods that will be used to assess the effectiveness of the hedging relationship. Chemtrade makes an assessment, both at the inception of the hedge relationship as well as on an ongoing basis, whether the hedging instruments are expected to be “highly effective” in offsetting the changes in the fair value or cash flows of the respective hedged items during the period for which the hedge is designated, and whether the actual results of each hedge are within a range of 80-125 percent. For a forecast transaction to be considered a cash flow hedge, the transaction should be highly probable to occur and should present an exposure to variations in cash flows that could ultimately affect reported earnings.

Cash flow hedges

When a derivative is designated as the hedging instrument in a hedge of the variability in cash flows attributable to a particular risk associated with a recognized asset or liability or a highly probable forecast transaction that could affect earnings, the effective portion of changes in the fair value of the derivative that is designated and qualify as cash flow

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

hedge is recognized in accumulated other comprehensive income. The amount recognized in other comprehensive income is removed and included in earnings in the same period as the hedged cash flows affect earnings under the same line item in the consolidated statement of comprehensive income as the hedged item. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in earnings.

If the hedging instrument no longer meets the criteria for hedge accounting, expires or is sold, terminated, exercised, or the designation is revoked, then hedge accounting is discontinued prospectively. The cumulative gain or loss previously recognized in other comprehensive income and presented in unrealized gains/losses on cash flow hedges in equity remains there until the forecast transaction affects earnings.

IFRS 9 accounting policy choice for hedge accounting

IFRS 9 includes an accounting policy choice between deferring the adoption of the new hedge accounting standards under IFRS 9 and continuing with the IAS 39 hedge accounting standards. Chemtrade has decided to continue to apply IAS 39 hedge accounting standards.

(m) Standards and interpretations adopted during the period:

Chemtrade adopted the following accounting amendments that were effective for its annual consolidated financial statements beginning January 1, 2024. The adoption of these standards have not had a material impact on its financial results:

- Amendments to IAS 1, *Presentation of Financial Statements - Classification of Liabilities as Current or Non-current*, clarifying requirements for the classification of liabilities as non-current (effective for annual periods beginning on or after January 1, 2024). These amendments removed an exception related to the requirement for the unconditional right to defer settlement for more than twelve months for equity settled liabilities that permitted classification as non-current liabilities. Chemtrade does not have an unconditional right to defer the settlement of its Debentures upon conversion into units by the Debenture holder nor does it classify the conversion option as equity. As a result, in the Consolidated Statements of Financial Position effective January 1, 2024, Chemtrade reclassified from non-current to current liabilities, \$437,517, being the fair value of Debentures as of January 1, 2024. Since, the amendments are applicable retrospectively, Chemtrade has restated the December 31, 2023 Consolidated Statements of Financial Position by re-classifying the Debentures from non-current to current liabilities. While these are presented as

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

current liabilities, Debenture holders do not have the right to demand their repayment prior to their maturity date, which for all the outstanding series is more than twelve months in the future. However, the Debenture holders have the right to convert Debentures into units at predetermined prices, thus, the Debentures are classified as current liabilities.

Adoption of the following standards have not had a material impact on its financial results:

- Amendments to IAS 7 and IFRS 7, *Supplier Finance Arrangements*, specifying the disclosure requirements to enhance the current requirements, which are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk (effective for annual periods beginning on or after January 1, 2024).
- Amendments to IFRS 16, *Lease liability in a Sale and Leaseback*, specifying how a seller-lessee accounts for variable lease payments that arise in a sale-and-leaseback transaction (effective for annual periods beginning on or after January 1, 2024).

(n) Standards and interpretations not yet adopted:

The IASB has issued the following new standards and amendments to existing standards that will become effective in future years.

- Amendments to IFRS 10 and IAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*, addressing the conflict in dealing with the sale or contribution of assets between an investor and its associate or joint venture (deferred indefinitely with an option of early adoption).
- IFRS 18, *Presentation and Disclosure in Financial Statements*, specifying the requirements for all entities applying IFRS for the presentation and disclosure of information in financial statements, would supersede IAS 1, "Presentation of Financial Statements" and increase the comparability of financial statements by enhancing principles on aggregation and disaggregation (effective for annual periods beginning on or after January 1, 2027).
- Amendments to IAS 21, *Lack of exchangeability*, specifying how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking (effective for annual periods beginning on or after January 1, 2025).

CHEMTRADE LOGISTICS INCOME FUND

Notes to Consolidated Financial Statements
(In thousands of Canadian dollars, except per unit amounts)

Year ended December 31, 2024 and 2023

32. MATERIAL ACCOUNTING POLICIES (continued):

- Amendments to IFRS 9 and IFRS 7, *Classification and measurement of financial instruments*, specifying how an entity should classify some financial assets, especially on the recognition of financial assets and liabilities when settled using electronic payments (effective for annual periods beginning on or after January 1, 2026).

Chemtrade is assessing the impacts, if any, the amendments will have on its consolidated financial statements.

33. SUBSEQUENT EVENTS:

Senior Unsecured Notes

During January 2025, Chemtrade issued an additional \$125,000 aggregate principal amount of 6.375% Notes due August 28, 2029, resulting in an aggregate principal amount of \$375,000 outstanding on these Notes. The Fund incurred transaction costs of \$2,500. The Fund will utilize the net proceeds of the issuance to reduce indebtedness and for general corporate purposes.

Superior Lawsuit

On January 31, 2025, the Alberta Court of Appeal ruled against Chemtrade in the Superior lawsuit. This lawsuit related to a disputed \$25,000 reverse termination fee in connection with the failed attempt by Superior to acquire Canexus prior to Chemtrade's 2017 acquisition of Canexus. Due to the uncertainty of the appeal, Chemtrade had established a provision. Following the appeal decision, Chemtrade paid \$28,119 to Superior, which was recorded against the provision. See note 28 for further details.

Normal Course Issuer Bid

For the period from January 1, 2025 to February 26, 2025, 2,728,600 units were purchased by the Fund under the automatic share purchase plan.
