Chemtrade Logistics Income Fund (TSX: CHE.UN)
January 8, 2026

CAUTION REGARDING FORWARD- LOOKING STATEMENTS

Certain statements contained in this presentation constitute forward-looking statements within the meaning of certain securities laws, including the Securities Act (Ontario). Forward-looking statements can be generally identified by the use of words such as “anticipate”, “continue”, “estimate”, “expect”, “expected”, “intend”, “may”, “will”, “project”, “plan”, “should”, “believe” and similar expressions. Forward-looking statements in this presentation describe the expectations of Chemtrade Logistics Income Fund (“Chemtrade”) and its subsidiaries as of the date hereof. These statements involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking statements for a variety of reasons, including without limitation the risks and uncertainties detailed under the “RISK FACTORS” section of Chemtrade’s latest Annual Information Form and the “RISKS AND UNCERTAINTIES” section of Chemtrade’s most recent Management’s Discussion & Analysis. Although Chemtrade believes the expectations reflected in these forward-looking statements and the assumptions upon which they are based are reasonable, no assurance can be given that actual results will be consistent with such forward-looking statements, and they should not be unduly relied upon. Except as required by law, Chemtrade does not undertake to update or revise any forward-looking statements, whether as a result of new information, future events or for any other reason. The forward-looking statements contained herein are expressly qualified in their entirety by this cautionary statement. Further information can be found in the disclosure documents filed by Chemtrade with the securities regulatory authorities, available on www.sedarplus.com.

One of the measures referred to in this presentation is Adjusted EBITDA, which is EBITDA modified to exclude only non-cash items such as unrealized foreign exchange gains and losses. Non-IFRS and other financial measure are fully defined in our MD&A.

Refer to the Appendix for additional notices of caution regarding forward looking information.

2026 Guidance:

- Chemtrade expects 2026 Adjusted EBITDA to be between \$485.0 and \$525.0 million
- 2026 Adjusted EBITDA will be similar to 2025 projected Adjusted EBITDA, if mid-point of 2026 guidance is achieved
- Emphasizes Chemtrade's Adjusted EBITDA and cash flow generation step-change as compared to pre-pandemic levels
- Implied 2026 payout ratio of ~45% or less, based on guidance midpoint

* Adjusted EBITDA Guidance

C\$ millions	2026 Guidance	2025 Guidance	2024 Actual	Nine months ended Actual	
				Sept. 30, 2025	Sept. 30, 2024
Adjusted EBITDA ⁽¹⁾	\$485.0 – 525.0	> \$502.6	\$470.8	\$409.2	\$362.2
Maintenance Capital Expenditures ⁽¹⁾	\$120.0 – \$150.0	\$115.0 – \$125.0	\$104.5	\$74.2	\$68.4
Growth Capital Expenditures ⁽¹⁾	\$35.0 – \$55.0	\$40.0 – \$50.0	\$81.3	\$28.9	\$56.7
Lease Payments	\$70.0 – \$80.0	\$65.0 – \$75.0	\$65.4	\$52.1	\$48.2
Cash Interest ⁽¹⁾	\$65.0 – \$75.0	\$50.0 – \$60.0	\$45.7	\$41.9	\$35.0
Cash Tax ⁽¹⁾	\$35.0 – \$45.0	\$40.0 – \$50.0	\$42.1	\$29.7	\$37.0

Key Assumptions	2026 Assumptions	2025 Assumptions	2024 Actual
North American MECU sales volumes	171,000	173,000	172,000
Realized MECU Netback being higher or (lower) than 2025 per MECU*	CAD (\$155)	N/A	N/A
Average CMA ⁽²⁾ NE Asia caustic spot price index per tonne ⁽³⁾	US\$450	US\$435	US\$385
North American sodium chlorate production volumes (MTs)	254,000	272,000	270,000
USD to CAD average foreign exchange rate	1.375	1.390	1.370
Long Term Incentive Plan costs (C\$ millions)	\$22.0 – \$28.0	\$20.0 – \$25.0	\$23.3

(1) Adjusted EBITDA is a Total of segments measure. Maintenance capital expenditures, Cash interest and Cash tax are Supplementary financial measures. Growth capital expenditures is a non-IFRS financial measure. See Appendix for more information.

(2) Chemical Market Analytics by OPIS, a Dow Jones Company, formerly IHS Markit Base Chemical.

(3) Average CMA NE Asia caustic spot price is the average for the four quarters ending with the third quarter of the year as pricing is largely based on a one quarter lag.

4

Key Sensitivities: Annual Impact on Adjusted EBITDA

Caustic Soda Price

- Change of US\$50/DMT = C\$13.2 million

Sodium Chlorate Price

- Change of CA\$50/metric tonne = C\$12.7 million

C\$/US\$ exchange rate

- Change of 1 cent = C\$3.8 million (favourable if C\$ weakens)

APPENDIX

Non-IFRS Financial Measures and Ratios

Non-IFRS financial measures are financial measures disclosed by an entity that (a) depict historical or expected future financial performance, financial position or cash flow of an entity, (b) with respect to their composition, exclude amounts that are included in, or include amounts that are excluded from, the composition of the most directly comparable financial measure disclosed in the primary financial statements of the entity, (c) are not disclosed in the financial statements of the entity and (d) are not a ratio, fraction, percentage or similar representation. Non-IFRS ratios are financial measures disclosed by an entity that are in the form of a ratio, fraction, percentage or similar representation that has a non-IFRS financial measure as one or more of its components, and that are not disclosed in the financial statements of the entity.

These non-IFRS financial measures and non-IFRS ratios are not standardized financial measures under IFRS and, therefore, are unlikely to be comparable to similar financial measures presented by other entities. Management believes these non-IFRS financial measures and non-IFRS ratios provide transparent and useful supplemental information to help investors evaluate our financial performance, financial condition and liquidity using the same measures as management. These non-IFRS financial measures and non-IFRS ratios should not be considered as a substitute for, or superior to, measures of financial performance prepared in accordance with IFRS.

The following slides outline our non-IFRS financial measures and non-IFRS ratios, their compositions, and why management uses each measure. It includes reconciliations to the most directly comparable IFRS measures. Except as otherwise described herein, our non-IFRS financial measures and non-IFRS ratios are calculated on a consistent basis from period to period and are adjusted for specific items in each period, as applicable.

Non-IFRS Financial Measures and Ratios

Distributable cash after maintenance capital expenditures

Most directly comparable IFRS financial measure: Cash flows from operating activities

Definition: Distributable cash after maintenance capital expenditures is calculated as cash flow from operating activities less lease payments net of sub-lease receipts, maintenance capital expenditures and adjusting for cash interest and current taxes, and before decreases or increases in working capital.

Why we use the measure and why it is useful to investors: It provides useful information related to our cash flows including the amount of cash available for distribution to Unitholders, repayment of debt and other investing activities.

Distributable cash after maintenance capital expenditures per unit

Definition: Distributable cash after maintenance capital expenditures per unit is calculated as distributable cash after maintenance capital expenditures divided by the weighted average number of units outstanding.

Why we use the measure and why it is useful to investors: It provides useful information related to our cash flows including the amount of cash available for distribution to Unitholders, repayment of debt and other investing activities.

Non-IFRS Financial Measures and Ratios

Payout ratio

Definition: Payout ratio is calculated as Distributions declared per unit divided by Distributable cash after maintenance capital expenditures per unit.

Why we use the measure and why it is useful to investors: It provides useful information related to our cash flows including our ability to pay distributions to Unitholders.

Non-IFRS Financial Measures and Ratios

Non-IFRS Financial Measures and Ratios

Growth capital expenditures

Most directly comparable IFRS financial measure: Capital expenditures

Definition: Growth capital expenditures are calculated as Capital expenditures less Maintenance Capital expenditures, plus Investments in a joint venture

Why we use the measure and why it is useful to investors: It provides useful information related to the capital spending and investments intended to grow earnings

C\$ thousands			Nine months ended		Twelve months ended
			Sept. 30, 2025	Sept. 30, 2024	December 31, 2024
Capital expenditures			\$ 103,076	\$ 125,085	\$ 185,803
Add (Less):					
Maintenance capital expenditures			(74,202)	(68,419)	(104,474)
Non-maintenance capital expenditures			28,874	56,666	81,329
Growth capital expenditures			\$ 28,874	\$ 56,666	\$ 81,329

Total of Segments Measures

Total of segments measures are financial measures disclosed by an entity that (a) are a subtotal of two or more reportable segments, (b) are not a component of a line item disclosed in the primary financial statements of the entity, (c) are disclosed in the notes of the financial statements of the entity, and (d) are not disclosed in the primary financial statements of the entity.

The following slide provides an explanation of the composition of the Total of segments measures.

Total of Segments Measures

Adjusted EBITDA

Most directly comparable IFRS financial measure: Net earnings (loss)

Supplementary Financial Measures

Supplementary financial measures are financial measures disclosed by an entity that (a) are, or are intended to be, disclosed on a periodic basis to depict the historical or expected future financial performance, financial position or cash flow of an entity, (b) are not disclosed in the financial statements of the entity, (c) are not non-IFRS financial measures, and (d) are not non-IFRS ratios.

The following provides an explanation of the composition of those Supplementary financial measures.

Maintenance capital expenditures

Represents capital expenditures that are required to sustain operations at existing levels and include major repairs and maintenance and plant turnarounds.

Non-maintenance capital expenditures

Represents capital expenditures that are: (a) pre-identified or pre-funded, usually as part of a significant acquisition and related financing; (b) considered to expand the capacity of our operations; (c) significant environmental capital expenditures that are considered to be non-recurring; or (d) capital expenditures to be reimbursed by a third party.

Supplementary Financial Measures

Cash interest

Represents interest expense related to long-term debt, interest on Debentures, pension interest expense and interest income.

Cash tax

Represents current income tax expense.

CAUTION REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in this presentation constitute forward-looking statements within the meaning of certain securities laws, including the Securities Act (Ontario). Forward-looking statements can be generally identified by the use of words such as “anticipate”, “continue”, “estimate”, “expect”, “expected”, “intend”, “may”, “will”, “project”, “plan”, “should”, “believe” and similar expressions. Specifically, forward-looking statements in this presentation include statements respecting certain future expectations about: Chemtrade’s expected Adjusted EBITDA range for 2025 and 2026; the expected 2026 and 2025 stated maintenance capital expenditures, growth capital expenditures (including allocation of such amounts), lease payments, cash interest and cash tax; and the expected Net debt to Adjusted EBITDA ratio at the end of 2026; the expected annual impact on Adjusted EBITDA as a result of the key sensitivities highlighted, including caustic soda pricing, sodium chlorate pricing and C\$/US\$ exchange rate. Forward-looking statements in this presentation describe the expectations of the Fund and its subsidiaries as of the date hereof. These statements are based on assumptions and involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking statements for a variety of reasons, including without limitation the risks and uncertainties detailed under the “RISK FACTORS” section of the Fund’s latest Annual Information Form and the “RISKS AND UNCERTAINTIES” section of the Fund’s most recent Management’s Discussion & Analysis.

Although the Fund believes the expectations reflected in these forward-looking statements and the assumptions upon which they are based are reasonable, no assurance can be given that actual results will be consistent with such forward-looking statements, and they should not be unduly relied upon. With respect to the forward-looking statements contained in this presentation, the Fund has made assumptions regarding: there being no significant unplanned downtime or labour disruptions affecting Chemtrade’s principal manufacturing facilities; the stated North American MECU sales volumes; the stated amount by which 2026 realized MECU Netback are lower than 2025; the stated average CMA NE Asia caustic spot price index; the stated North American sodium chlorate production volumes; the stated U.S. dollar foreign exchange rate; and the stated long term incentive plan costs.

Except as required by law, the Fund does not undertake to update or revise any forward-looking statements, whether as a result of new information, future events or for any other reason. The forward-looking statements contained herein are expressly qualified in their entirety by this cautionary statement. Further information can be found in the disclosure documents filed by Chemtrade with the securities regulatory authorities, available on www.sedarplus.com.
